#### SQUEEZE OFF TOOLS

## Hydraulic Squeeze Tool 315mm

An A-Frame style emergency squeeze off tool suitable for PE and HDPE pipes. The single cylinder and frame can be used to make multiple squeeze offs with additional beam sets.

#### FEATURES

- Compact tool with fold away and detachable legs
- The modular designed tool separates into easy to handle parts
- Three operating options available:
  - Two stage air driven hydraulic pump
  - Electric powered hydraulic pump
  - Hydraulic hand pump
- Tough nitrocarburized cylinder piston rod
- Quick release hydraulic connection
- Lifting eye and handles
- Simple economical stops

#### Range

- Pipe Range: 225-315mm
- SDR Range: 11-26

**SQUEEZE OFF TOOLS**

# Hydraulic Squeeze Tool 315mm

Code	Description	Weight (kg)	LxWxH (mm)
SQT315A	Squeeze off tool frame, guide bars, single beam set and ratchet tools (tool only – pump unit and stops to be ordered separately)	162.0	1300 x 500 x 280
SQT315A-HP	Squeeze off tool frame, guide bars, single beam set and ratchet tools complete with hand pump (stops to be ordered separately)	178.5	1300 x 500 x 280
SQT315A-AP	Squeeze off tool frame, guide bars, single beam set and ratchet tools complete with air powered pump (stops to be ordered separately)	175.5	1300 x 500 x 280
SQT315A-EP110	Squeeze off tool frame, guide bars, single beam set and ratchet tools complete with electric (110v) powered pump (stops to be ordered separately)	183.0	1300 x 500 x 350
SQT315A-EP220	Squeeze off tool frame, guide bars, single beam set and ratchet tools complete with electric (220v) powered pump (stops to be ordered separately)	183.0	1300 x 500 x 350
14173	Additional beam set assembly	65.0	850 x 400 x 150
14186	2 stage hydraulic hand pump and hose assembly	16.5	850 x 400 x 150
14235	Air powered pump with claw type air connector and hose assembly	13.5	620 x 400 x 250
14258	Electric powered hydraulic pump and hose assembly (110v)	21.0	460 x 460 x 350
14259	Electric powered hydraulic pump and hose assembly (220v)	21.0	460 x 460 x 350

Code	Description
23880/225-11	Stop for 225mm & 8" SDR11
23880/225-17	Stop for 225mm & 8" SDR17
23880/225-17.6	Stop for 225mm & 8" SDR17.6
23880/225-21	Stop for 225mm & 8" SDR21
23880/225-26	Stop for 225mm & 8" SDR26
23880/250-11	Stop for 250mm SDR11
23880/250-17	Stop for 250mm SDR17
23880/250-17.6	Stop for 250mm SDR17.6
23880/250-21	Stop for 250mm SDR21
23880/250-26	Stop for 250mm SDR26

Code	Description
23880/268-26	Stop for 268mm SDR26*
23880/280-11	Stop for 280mm SDR11*
23880/280-17	Stop for 280mm SDR17*
23880/280-17.6	Stop for 280mm SDR17.6*
23880/280-26	Stop for 280mm SDR26*
23880/315-11	Stop for 315mm SDR11*
23880/315-17	Stop for 315mm SDR17*
23880/315-17.6	Stop for 315mm SDR17.6*
23880/315-26	Stop for 315mm SDR26*

**Note:** Other stop sizes are available by request.

\* Listed stops >250mm are 80% squeeze off (and not 90% specified by GIS).

14186 Hand pump assembly

14235 Air powered hydraulic pump

14258 (110v)/14259 (220v) Electric powered hydraulic pump
